Career Assessment

Making career decisions can be an extremely frustrating and confusing process. There are occupations best suited to your personality, vocational interests, job skills, and work abilities.

At **CAVE Inc.**, we offer a highly effective and comprehensive package of assessments to identify:

WORK INTEREST

Inventories and profiles are used to identify your vocational and occupational areas of interest.

ACHIEVEMENT

Identifies your current academic levels, critical thinking, cognitive and conceptual abilities.

PERSONALITY

Analyze your preferences, relationships with others, temperament, and attitudes as they relate to work.

LEARNING STYLE

Major physical, environmental, expressive and social styles are identified with methods and strategies to improve the learning process.

INDIVIDUALIZED COUNSELING

A Certified Vocational Evaluator will assist you in developing a personal career improvement plan.

Vocational Evaluation

In addition to the Career Assessment of your interests, achievement levels, personality, and learning styles, **CAVE Inc.** also evaluates for the following:

- **Aptitude & Attributes Tests**
- **Work-related Skills Measurements**
- **Major Work Characteristics**
- **Work Attitudes & Temperaments Preferences (Environmental & Social)**
- **Transferable Skills Analysis**
- **Goals & Values Clarification**
- **Abilities Profiles & Adaptive Functioning**
